SuperCut Scissors

SuperCut Scissors

Your everyday black handle scissors

- **Microtome Edge**
 - Razor sharp cutting edge facilitates gentle cutting with minimal force
- **Wavecut Blade**
 - Prevents tissue from slipping out during the cutting process

For more information about SuperCut Scissors see brochure number **DOC821**.

Gips-Instrumente – Plaster Instruments

Gipsscheren Plaster Shears

Besondere Vorteile:

- Die Konstruktion des offenen Kastens verhindert das lästige Verstopfen durch Gipsreste, außerdem ist eine leichte Reinigung der Backen möglich.
- Die tiefe Zahnung an den Backen verhindert das Abgleiten der Gipsschere vom Gips.
- Die Messer, mit Hohlschliff, weisen eine bessere Schnitffähigkeit auf, daher geringerer Kraftaufwand.
- Messerführung durch Kugellager.

Special features:

- The construction of the open jaws avoids tiresome clogging by plaster remnants and allows furthermore an easy cleaning.
- The shears do not glide off the plaster owing to the deep teething on the jaws.
- The knives with hollow grinding have a better cutting ability and therefore less force is required.
- The knives are guided by ball bearings.
